

THE PERFECT LOCATION.  
WITH EMPHASIS ON PERFECT.

There are, of course, other developments along the Mexican coastline. Cabo is famous for them. But there has never been an opportunity that combines the soaring views from Pedregal Mountain, the incomparable amenities and the inimitable service standard of Capella Pedregal.

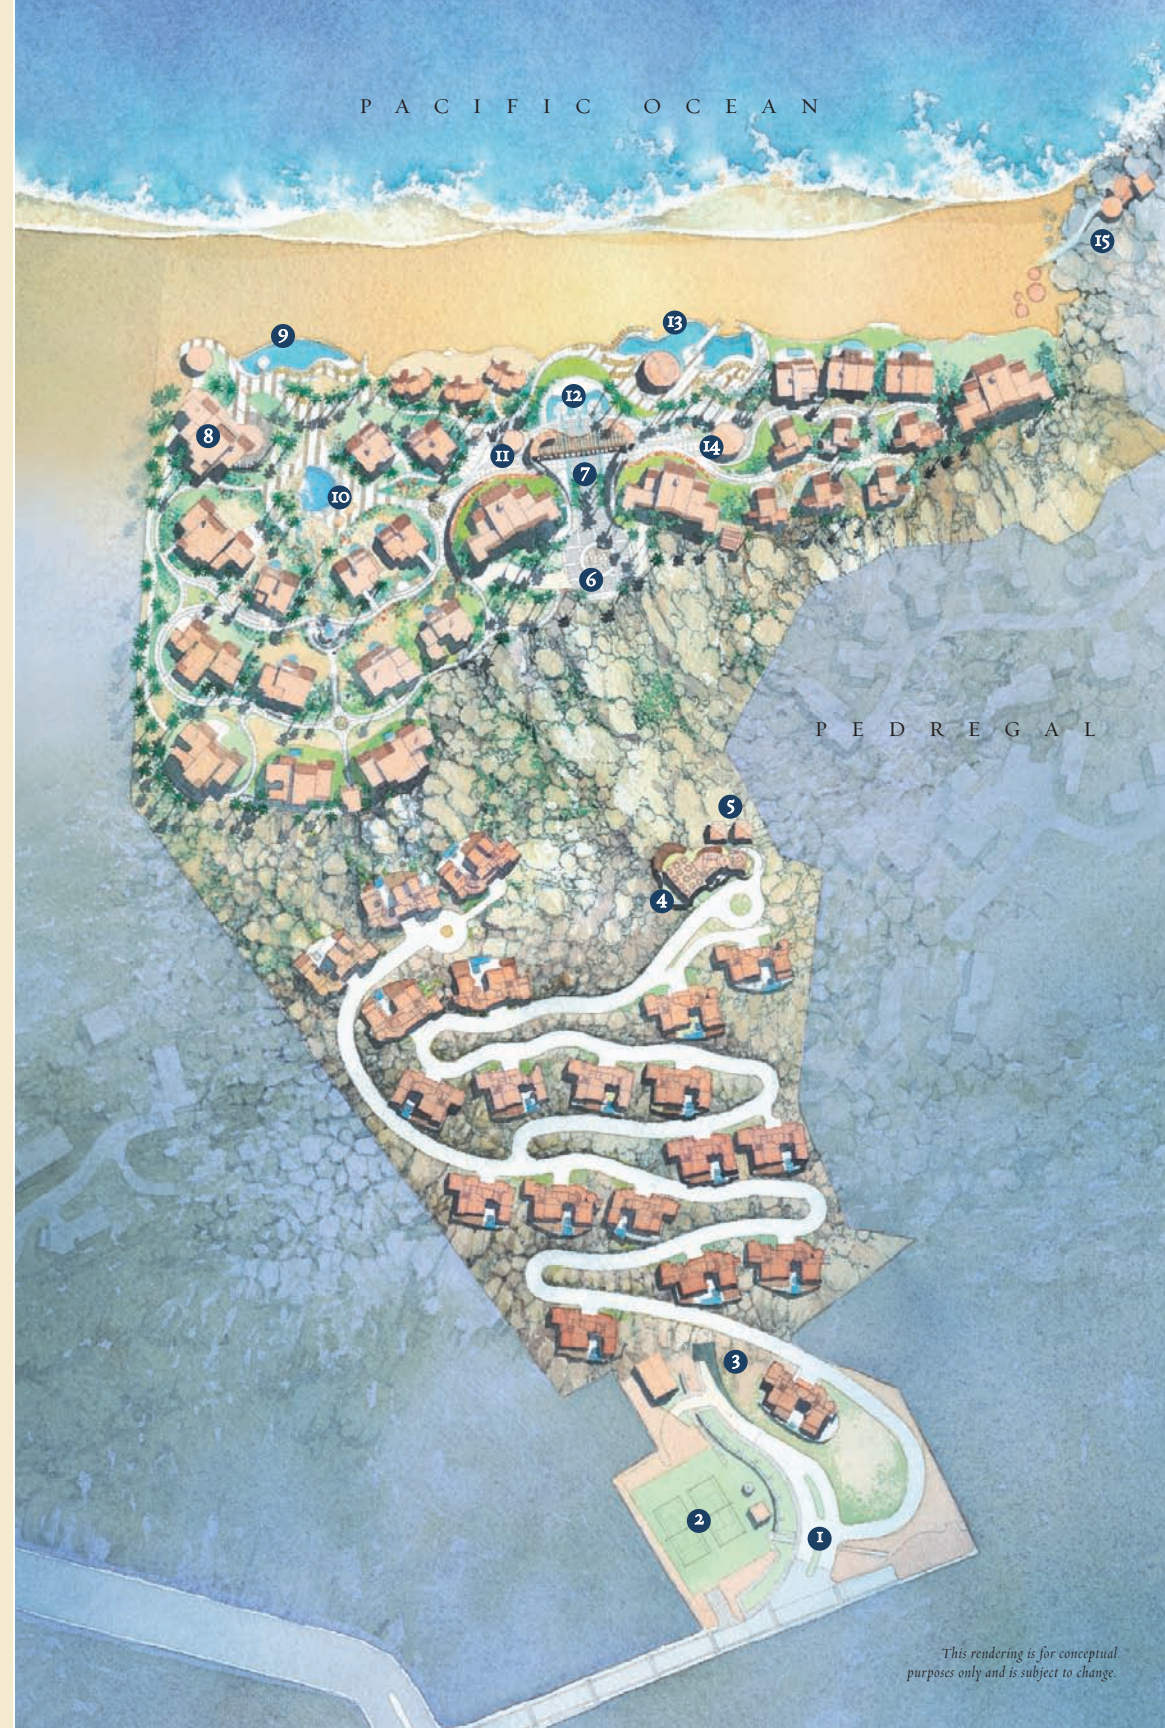

Start with a beach so private it took a 1,000-foot tunnel to get there. This very tunnel will keep our location secluded and exclusive. As you emerge, the fragrant air, the vivid colors and the sound of the waves will envelop you.

Ahead, our indulgent new Auriga Spa designed by the acclaimed Sylvia Septielli. Below, our private Beach Club, your own resort-within-a-resort. Above, the cliffside three- and four-bedroom Residences. And beyond, a fleet of private yachts that are yours as an owner at Capella Pedregal. Beyond indeed.
